

# Two Mile High Club Quarterly Newsletter

As the curtain falls on 2024, we take a moment to bask in the glow of a truly remarkable and triumphant year for the TMHC and our beloved donkeys! The Healthy Herd Campaign has woven a tapestry of positive change, significantly enhancing the health and wellbeing of our cherished herd.

Donkey Release, Donkey Derby Days, and Fall Fest have all blossomed into the finest celebrations yet!

## Donkey Spotlight: Emma Lou

Emma Lou is a sweet and sassy lady. She is very vocal and often brays when visitors come. She is a donkey diva; independent, finicky, and enjoys brushing time.

## Club News:

Our grand aspiration for the coming two years is to construct a new barn for our cherished and historic donkey herd. This new structure will offer enhanced shelter, safeguarding our aging companions from the whims of nature, while providing individual stalls for personalized donkey care. We have 2 fundraising platforms that are now LIVE!
